

Regenbogen Knöpfchen

Crochet Bobbles Neckwarmer

Something about ME ...

As child I didn't really like "textile crafting" – as it was called in school. Crochet was pretty much torture for me and my mum – who was really hard trying to teach it to me. Sewing was even worse. However, recently I discovered that it can be otherwise as well. Ever since I tried different crafts – also crochet. With lots of practise, even more mistakes and discarded projects I am pretty proud, to present you my first pattern. I hope you will enjoy it

as much as my family and I do.

Every Pattern is written carefully by me and was very time consuming. For this reason neither do publish it under a different name nor use parts or pictures of it for any other purposes.

I do invite you to share my profile on social networks as well as the link to the pattern with interested individuals.

Thank You! ❤️❤️❤️

Before you start...

- This neckwarmer goes great with this beautiful – and also free - bobbed earwarmer designed [by Sonya Gibbons: Crochet Headband](#)
- This neckwarmer was made for my 4 year old daughter. But it does fit also on a 1 year old – just button it a little tighter. Also did I try it on and since it is very elastic it fits even me – though it does not over my shoulders.

Materials I used:

- 6.00 mm crochet Hook (UK size 4; US size 10/J)
- 2x 50 g Handknitting Yarn from a local store (with 4% metallic fiber) however, you can use anything that works with your hook; just keep in mind, to crochet loosely to keep the neckwarmer elastic and "fluffy" – when in doubt choose a bigger hook.
- 1 or 2 buttons (I used a transparent one)

Abbreviations

- st(s) Stitch(es)
- sc Single Crochet
- sl st Slip Stitch
- dc Double Crochet
- tr5tog Treble 5 Together – to create those "Bobbles" work 5 times treble crochet into same stitch, always leaving the last loop on the hook; then yarn over and draw the thread through all the loops left on the hook.

Neckwarmer

In order to have even spaces in between the bobbles you need to count in groups of 4. However, those groups on the edges are worked without the bobbles, so be sure to add 1 to 2 stitches on the left and right edge.

- 1. row:** chain 56 + 2 for turning chain (keep in mind to chain loosely) (58)
- 2. row:** work dc into 3rd st from hook, dc across (56)
- 3. row:** chain 1, turn, work dc in every st across (also in first, this creates a thicker first post to attach the button afterwards) (56)
- 4. row:** chain 1, turn, work dc in every st across (56)
- 5. row:** chain 1, turn, work dc in next 3 sts, *tr5tog in next st and work 3 dc in next 3 sts* repeat from *to* 13 times, work dc in last 4 sts (56)
- 6. row:** chain 1, turn, work dc in every st across (56)
- 7. row:** chain 1, turn, work dc in next st, *tr5tog in next st and work 3 dc in next 3 sts* repeat 13 times, work tr5tog in next st, work dc in last 2 sts (56)
- 8. row:** until **14. row:** chain 1, turn, work dc in every st across (56)
- 15. row:** chain 1, turn, *work dc in next 3 sts, work 2 dc in 4th st* repeat all the way across (14 times) (70)
- 16. row:** chain 1, turn, work 2 dc in first st, *2 dc in 1st st, dc in next 3 sts* repeat all the way across (17times), 2 dc in last st (for the edge we need groups of 10 sts, the last group though needs to consist of only 8 sts (since there is no need for the last 2 sts as gap)) (88)
- 17. row:** chain 1, turn, *work dc in next 3 sts, chain 2 and skip two sts* repeat all the way across (17 times), dc in next 3 sts (88)
- 18. row:** chain 1, turn, *work 3 dc into gap, chain 2, work 3 dc into gap, work sc into next gap* repeat 8 times and for the last sts work again 3 dc into gap, chain 2, work 3 dc, finish the row off with a sl st into last dc of previous row (88)
- 19. row:** chain 1, turn, **work dc, chain 1* repeat this 6 times, into sc from previous row work sc* repeat 8 times and into last sts *work dc, chain 1* repeat 6 times, finish off with sl st into previous row last dc, sew ends in (107)

In case of confusion – or if you prefer a visual guide - I made a chart for you. (Don't mind those blue stitches, I used colours for easier counting)

If you wish to crochet a bigger version, keep in mind to work in the described groups for the popcorn stitch as well as the edge.

To attach the button I used row 13. Use a rather small button to fit through two dc posts, this way you don't have to worry about leaving a hole.

Hope you liked it!
